Tidbits of Info

Here are some summer tips to aid in keeping our residents informed:

Bites & Stings: Use insect repellents containing DEET on kids sparingly. Never use repellent on infants.

Hydration: Help kids avoid becoming dehydrated by reminding them to drink often throughout the day

Wildlife: We all like to feed the birds, however we are experiencing problems with rodents. We do live by wetlands and we are going to have visitors from time to time. Please keep in mind when you put out an excess amount of bird seed it will attract visitors such as, skunks, opossums, mice, & rats. They feed on the seed as well.
